\*OL3138 in True White and Color Zone only. OL3200 in True White, Black and Color Zone only.

### ENERGY EFFICIENCY

R-value 19.40<sup>†</sup>

For the best thermal performance, select a door with a low U-factor (less heat transfer) or high R-value (more heat resistance) rating.

<sup>†</sup>OL3200 Short Panel True White and Flush Panel True White and Black only.

## Construction

## STEEL OL3138/OL3200

**Triple-Layer: Steel + Insulation + Steel**

For the toughest most energy-efficient steel door, Amarr Olympus triple-layer doors include the ultimate in thermal properties, plus a layer of steel for a finished interior look and added durability.

- Heavy-duty exterior and interior steel
- Durable, reliable, low maintenance
- Environmentally safe polyurethane insulation
- Superior energy efficiency
- Extra quiet operation

## Mosaic Window Options

**The choice is yours.**

Add visual interest to your contemporary, mid-century modern or transitional home. With Mosaic Window Options you decide the number and location of windows to create the door design you want. Visit [amarr.com/mosaic](http://amarr.com/mosaic) for design inspirations.

Amarr participates in the DASMA Thermal Performance Verification Program. The program verifies the thermal performance of a complete sectional door assembly. The lower the U-factor rating, the better the thermal performance.
